

Pushmi-pullyu Of B-cell Development Discovered (Science Daily)

Contributed by Webmaster

More info...

Scientists have identified two "molecular motors" that work in opposing directions to control the development of B cells in the immune system.

Addicted to pearls: Arriagas jewelry opens up oysters in HarborWalk (PHOTOS) (The Destin Log)

Imagine HarborWalk Village is a giant oyster, and right inside is Arriagas Pearls Gone Wild. The boutique brings Destin mollusk-made treasures that have been through a transformation at the hands of local jewelry designer, sculptor and painter

Napoleon Hill Author of Think and Grow Rich (BellaOnline)

The life story of the man behind the classic book Think and Grow Rich is as motivating as you'll find in any inspirational abundance and wealth book. There is a lesson we can all learn from author Napoleon Hill; when you believe in your goals, no obstacle is too great.

Movie Review: 'Cheri' --- *** 1/2 (Delaware County Times)

Near the beginning of Colette's novel "Cheri," Lea gives her young lover a necklace with 49 pearls. We can imagine there is one pearl for every year of her age. Her lover is 24 years younger than she. Therefore, 25. Six years pass. In a way, the movie is about how 25 and 49 are not the same as 31 and 55. Colette tells us their tragedy is that they were destined to be the only perfect love in ...

Related Stories (Arthur Enterprise News)

Searching incoming email for valuable information is often like looking for pearls. You have to dig through a lot of soggy, smelly clams to find the small jewel that makes it all worthwhile.

Wooden coaches kids (Daily Pilot)

Former UCLA mens basketball Coach John Wooden looked on and smiled from one side of the crowded auditorium at Mariners Elementary on Friday as students recited cheers, read essays and sang the praises of the 98-year-old hall of famers Pyramid of Success.
